Polk's admission of having granted the pass.

"When orders were issued to the Commander of our Naval forces in the Golf, on the 15th day of May last, only two days after the existence of the war had been recognized by Congress, to place the coast of Mexico under blockade, he was directed not to obstruct the passage of Santa Anna to Mexico should he return.—Pale's Annual Message to Cangress, Des. 7, 46.

It remains to be seen whether his return may not yet prove favorable to a pacific adjustment of existing difficulties.—Ibid.

ANOTHER WONDERFUL CURE!

PRILADSLIPHIA, April 9, 1846.
Last August a year, I caught a violent cold, in Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, hectic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured off me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and experienced so much benefit that I resolved to continue it. It is now six months since I ceased using the medicine, and the cute remains perfect. I firmly believe this medicine is far superior to every other remedy for Consumption of the Lungs.
